ABOUT THAT CHECK.

It's Rather Risky to "Identify" a Man That Can't Be Found.

THE LEADER has already given the particulars attending a forged check bearing the name of G. W. Stamper of Vanceburg for \$365, and on which the State National Bank of this city paid \$200 to a fellow representing himself as "J. D. Arthur," and who was "identified" by Mr. Edward Nash, a merchant at Kipworth.

Mr. Nash claims that he acted in perfect good faith, believing the man to be J. D. Arthur; but he is now unable to locate him.

When sent for to explain matters, Mr. Nash came to the city; and subsequently he was put under arrest, charged with "conspiring to obtain money under false pretenses."

He gave bond for his appearance, with Messrs. Jacob D. Nash and J. Wesley Lee as sureties, and the hearing will take place before Judge Watkinsworth on Tuesday of next week.

MAY BE THE SAME MAN.

Is Barton Turner the Fellow "Identified" as J. D. Arthur?

The Cincinnati Police Saturday corralled a chap giving his name as Barton P. Turner of Clermont county, O., who was buying wagons and things with bogus checks and getting the balance in good change.

That this may be the same duck that Mr. Ed Nash "identified" at the State National Bank in this city as J. D. Arthur, and who drew \$200 on a check to which G. W. Stamper's name had been forged, is believed from the fact that a fellow giving the name of Barton Turner stopped over night at the St. Nicholas Hotel in Vanceburg, got a blank check there and came to Maysville on the day the forged document was cashed here.

The description of the Cincinnati chap tallies pretty closely with that of the pretended J. D. Arthur. Officer Orli has gone to Cincinnati to take a look at him; and if he's the right party he will be given a chance to explain his peculiar financial transactions.

The wedding of Miss Elizabeth Lebus, daughter of Mr. and Mrs. Lewis Lebus of Los Angeles, Cal., formerly of Cynthiana, and Mr. Claude Holman will occur shortly.

COUNTY CONVENTION.
The Republicans of Mason Will Meet in
This City September 2d.

At a meeting of the Republican Executive Committee of Mason county, held July 28, 1901, it was decided to hold a county convention at 10 o'clock, p. m., on Monday, September 2d, at the Courthouse in the city of Mayville, for the purpose of nominating candidates for the various county offices and representatives in the state Legislature, to be voted for at the coming November election.

Pursuant to these instructions, the Republicans of Mason county will meet at their respective voting places on Saturday, August 31, at 10 o'clock, p. m., on Monday, September 2d. These delegates may be instructed in whole or in part by the voters of the precinct present at the meeting. Any voter may take part in these proceedings who voted for the Republican ticket in November, 1900, or who intends to vote for the Republican ticket in November, 1901. Each precinct will be entitled to one vote for every ten voters in the county. The delegates will be elected by the voters of the precinct present at the meeting. The delegates will be elected by the voters of the precinct present at the meeting. The delegates will be elected by the voters of the precinct present at the meeting.

These precinct meetings will be called to order by the Precinct Committee or in its absence by the Republican voter present living nearest to the voting place. The County Convention will be called to order by the Chairman at the Courthouse at 10 o'clock, p. m., on Monday, September 2d, when the convention will organize and proceed to nominate candidates for the county offices and representatives in the state Legislature, as may lawfully come before it.

Chairman Mason County Executive Committee, W. D. Cochran, Secretary.

This Ledger Man has scored another narrow escape. He was in Ashland recently; and a few hours after his departure a jug of sure-shot whiskey exploded in a favorite saloon, wrecking that and an adjoining building, blowing a woman out of a second story window, and causing a loss of some \$5,000.

In these degenerate days, when demagogues are trimming their sails to catch every vote-laden breeze, it is refreshing to find even a judicial officer who has "With the Bark On!" the manhood to set his face against those who outrage decency and violate the rights of others in the name of "organized labor."

At Pittsburgh a few days ago seven foreigners, acting on behalf of the steel strikers, were arrested for disturbing the peace at the Pennsylvania Tube Plant; and in hearing the case against them Magistrate McAnulty discharged all but one, who was fined for having a dangerous weapon in his possession when arrested. The Magistrate requested the Amalgamated officials to instruct the foreigners as to the rights of others, as well as how far they themselves could go without breaking the law. He then said:

"The Recorder, the Police and the Magistrates mean to maintain civic order at all costs. Hereafter I want it clearly understood that any one who is arrested in connection with strike disorders will be made to feel the utmost penalty of the law. The Police Department, myself, Director J. O. Brown and Superintendent Leslie."

THE JEWELER

FOR A BABY OF THIS SIZE

Or a baby of any size, when suffering from simple fevers, colds, coughs, colic, indigestion, or any trouble arising from the stomach, the purest, safest and best remedy is LAXAKOLA, the great tonic laxative.

Mothers, watch your children carefully. Their health, perhaps their lives, depend on keeping their bowels regular. Many parents make a fatal mistake by giving their little children the old-fashioned violent purgatives which are racking and grilling, and are therefore not only unpleasant, but dangerous. Make no mistake give them

LAXAKOLA

It does not grip nor irritate. It is a pure, gentle, speedy and painless liquid laxative. It is not only a sure laxative, but it contains valuable tonic properties which act upon the bowels, tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, and it will often relieve colic by expelling the wind and gas that cause it. It will aid digestion, relieve restlessness, assist nature and induce sleep.

For constipation, simple fevers, coated tongue, or any infantile troubles arising from a disordered condition of the stomach it is invaluable. Great relief is experienced when administered to young children suffering from diarrhoea, accompanied with white or green evacuations, as LAXAKOLA neutralizes the acidity of the bowels and carries out the cause of the fermentation.

Riched, scaly, scurvy, and many skin, with its constant mouth, often leading to mouth sores and is a source of serious trouble. It is a sure cure for all these troubles, and restores to its normal healthy condition in a few days. It is a sure cure for all these troubles, and restores to its normal healthy condition in a few days. It is a sure cure for all these troubles, and restores to its normal healthy condition in a few days.

no matter how our personal sympathies go, have but one duty to perform and that is to protect the commonwealth and this duty will be fulfilled at all hazards. "Inspector HENRY WUTKOWSKI is an efficient officer, and he and other officers have been sent down to the various works to do their duty, and they will do it. It is now the duty of the officers of the Amalgamated Association to inform the men that have been arrested, and those not arrested, that strikers must not congregate at the mills, at the street corners, or even on the streets, and that if they do so, especially after this warning, it will be the duty of the Magistrate to impose on them the utmost penalty of the law. It is a disgraceful state of affairs when the Police, as in this case, had to draw their revolvers to protect those whom they had arrested from being taken from the patrol wagon. The excuse that these men did not understand English will not count. On other less important occasions they understood it very well, but when they get into trouble they plead as an excuse the fact that they are from a foreign country, speaking a foreign tongue and used to foreign laws. Let it be fully understood that the laws of this country, to which they have come to earn their bread, are to be fully enforced at all hazards and that ignorance of them or of the language will not be accepted as a plea."

Moore Bros. of South Ripley have shipped 1,300 head of sheep, mostly lambs, to the Eastern markets the last three weeks. The Night Pageant of the Cincinnati Fall Festival, costing approximately \$50,000, to be lighted throughout electrically, to contain floods more gorgeous, it is claimed, than any of the New Orleans Mardi Gras spectacles, is announced for Wednesday evening September 25th. TO THE VOTERS OF MAYVILLE. I am a candidate for Police Judge before the people, and shall have them decide by their votes November 5th whether or not they wish me to be Judge of the Police Court of Mayville. Respectfully, HARRY C. CURRAN.

Does it pay to buy cheap? A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of these common lung troubles. What shall you do? Go to a warner and use regular climate? You it possible if not possible for you, then it is not true the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Bosch's German Syrup." It not only breaks and stimulates the action to destroy the germ disease, but always inflammation, causes easy expectoration, gives a good night's rest and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by J. J. Wood & Son, Druggists, Get Green's Prize America.

Will Only Strengthen the Testimony of Mayville Citizens. The testimony which follows will stand the test of closest investigation. Cross-examination of such evidence will strengthen it. Proof of this nature is plentiful in Mayville and the most skeptical can hardly doubt the claims made for "The Little Conqueror" when placed face to face with the public attention of friends, neighbors and local citizens. Read the experience given below; it may save you many hours of future trouble.

Mr. Pierce Mills of 922 Forest avenue, says: "The experience Mr. Mills had with Doan's Kidney Pills gave him a high appreciation of their value. He procured them at J. J. A FAITHFUL ANIMAL.

A Tot That Had Thought to Have Been Drowned Brought Home By Dog.

Wright, Ky., Aug. 26.—Tray, a faithful dog, joined in a search for the lost 2-year-old child of Marion Cody in the hills near his home, and, after searching for 15 hours, the dog brought the child to his home sound and well. Laura Cody was with her parents camping in the mountains. At 9 o'clock Saturday the child was missed from the camp. All night the search was kept up by a dozen of the neighbors, but at length it was abandoned, as the child was then believed to have wandered to a nearby lake and fallen in. Sunday the grief-stricken father was making preparations to drag the lake, when the barking of the dog attracted his attention. At length the dog was seen in the distance, dragging the child. Cody was offered \$100 for his dog Sunday morning, but he would not accept \$1,000.

MOORE PEACE TALK.

Strike Leaders Will Make Certain Propositions to Officers of the Steel Corporation.

IT MAY BRING ABOUT A SETTLEMENT

Amalgamated Men Will Grant Concession Which it is Hoped Will Re-open Direct Negotiations.

What These Terms Are and the Mode of Their Presentation, Are at Present Carefully Guarded Secrets.

Pittsburg, Aug. 26.—In furtherance of the "peace" programme which is said to have been in the course of preparation for several days, it was given out Sunday by one on the inside and one who should know that the amalgamated executives have consented to have certain propositions made by the Amalgamated Steel Corporation through members of the conciliatory committee of the National Civic Federation, which proposals are expected to bring about a settlement of the great strike. Those interested in the matter were in waiting all day Sunday for word to proceed with the programme as outlined at the conference. The proposition is that the Amalgamated Steel Corporation through members of the conciliatory committee of the National Civic Federation last Friday. The propositions which are to be taken to New York carry certain concessions by the Amalgamated Steel Corporation, it is hoped will pave the way for the reopening of the direct negotiations between the association and the company. The propositions are much of the terms under which President Shaffer and his advisors stand willing to settle. What those terms are and the mode of their presentation are carefully guarded secrets. The lone alone the implication that they contain concessions of such importance that those in interest expect the corporation to drop its adverse attitude and reopen negotiations.
